

Objective

Shielded wall luminaires with directed light which, on account of their compact dimensions, are particularly suitable for installation on pillars and the front surfaces of external walls. Luminaires for different installation heights and many different uses in private and public areas. As single luminaires, they can be used to mark danger points at low mounting heights – in rows to illuminate corridors and corridors.

Obiettivo

Apparecchi da parete schermati a luce diretta che, per le loro dimensioni compatte, sono particolarmente adatti per l'installazione su pilastri e superfici frontali di pareti esterne. Apparecchi per diverse altezze di installazione e molti usi diversi in aree pubbliche e private. Come singoli apparecchi di illuminazione, possono essere utilizzati per contrassegnare i punti pericolosi a basse altezze di montaggio, in file per illuminare corridoi e corridoi.

Description

Housing - Pure die cast aluminum body in anodized or powder coating finishes.

Diffuser - Opal polycarbonate diffuser or tempered frosted glass..

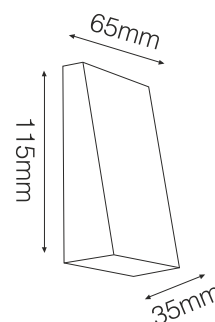

LED - reducing energy consumption with L80/B10/F10 50,000 hrs lifetime.

Standards - manufactured in accordance with tested as per PTPS IEC 62722

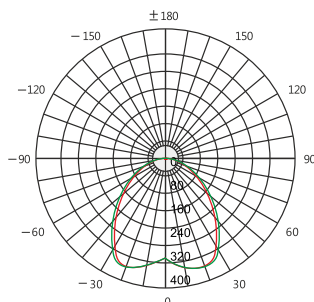

Colors - Titanium anodized, Silver anodized, Black powder coated

White powder coated.
