

Objective

Very classic design for a street light which is very important to deliver high quality performances in a matter of luminous flux quantity and quality: the emitted light is bright, pure, homogeneous and pleasant. The energy saving provided from this device, which is characterized by the last and most advantaged technology, is up to 75% compared to the classic old systems. The application are in streets, parking areas, parks, squares, bus stations.

Obiettivo

Design molto classico per un lampione che è molto importante per offrire prestazioni di alta qualità in termini di quantità e qualità del flusso luminoso: la luce emessa è luminosa, pura, omogenea e piacevole. Il risparmio energetico fornito da questo dispositivo, caratterizzato dall'ultima e più avvantaggiata tecnologia, è fino al 75% rispetto ai vecchi sistemi classici. L'applicazione è in strade, aree di parcheggio, parchi, piazze, stazioni degli autobus.

Description

Housing - Made of dia cast aluminum with choice of RAL color corrosion & salt resistance polyester coating.

Diffuser - Clear tempered glass with optical PMMA lens high resistance to temperature and UV radiation.

LED - reducing energy consumption with L80/B10/F10 50,000 hrs lifetime.

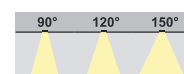

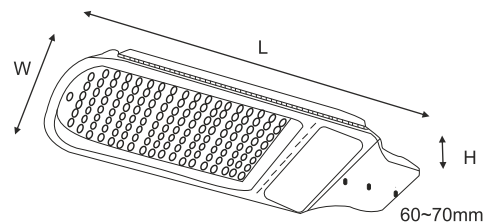

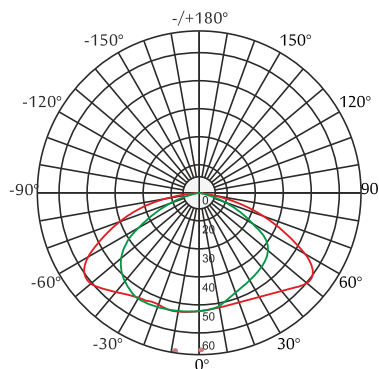

Standards - manufactured in accordance with EN 61643-11

Accessories - Surge protection device up 10KV, (OTP) Automatic temperature control device in events of unexpected LED temperature rised.
