

Objective

Ascolino made of 5052 aluminium and covered in resistant optical lens with, the item is solid, tough and durable: its life is 5 time more of the metal-halide (MH) lights. This item make the choice to switch to LED technology very easy, and the very simple installation with low maintenance is a plus. The high efficiency of the LED system here mounted provides high lumen performances and considerable energy saving. This product is ideal for facade application and wall grazing requirements plus the features of many beam angle options.

Obiettivo

Ascolino realizzato in alluminio 5052 e ricoperto da una lente ottica resistente, l'oggetto è solido, resistente e durevole: la sua durata è 5 volte maggiore delle luci ad alogenuri metallici (MH). Questo articolo rende la scelta di passare alla tecnologia LED molto semplice e l'installazione molto semplice con poca manutenzione è un vantaggio. L'elevata efficienza del sistema LED qui montato offre elevate prestazioni di lumen e un notevole risparmio energetico. Questo prodotto è ideale per l'applicazione di facciate e le esigenze di pascolo delle pareti oltre alle caratteristiche di molte opzioni di angolo del fascio.

Description

Housing - Resist corrosion proof 5052 aluminum, extruded alum heat sink plates along with mounting bracket and option of RAL color powder coating.

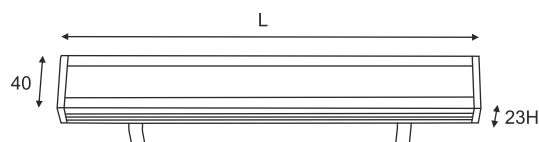

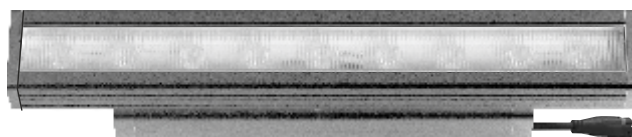

Diffuser - Optical lens fitted over silicon rubber gasket.

LED - reducing energy consumption with L80/B10/F10 50,000 hrs lifetime.

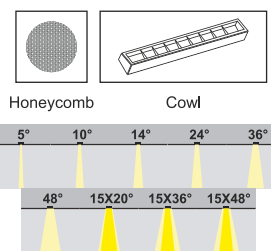

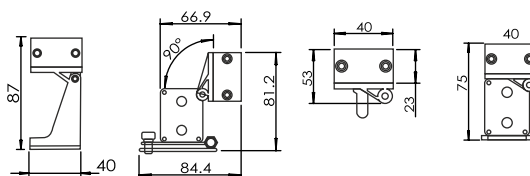

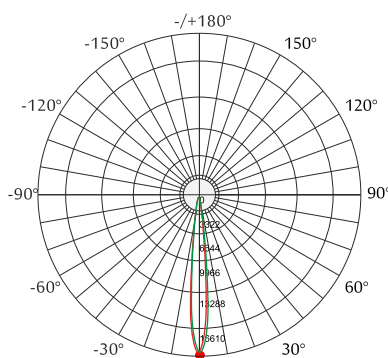

Standards - manufactured in accordance with tested as per PTPS IEC 62722.

Accessories - Options of adjustable stainless steel bracket for surface installation. Honeycomb louver, cowl.
