

**Objective**

Framless spotlight with driver and LED chip are separated, which prolongs the working life span of the luminaire. The energy saving is up to 95%. The deep-positioned light source helps to keep the glare effect in very low levels. The colour rendering index is high, and the quality of the light is kept constant for long time with very low luminance decrease. Easy to install with the chance to change the colour of the inner reflector. Mainly employed in offices, shops, restaurants, kitchens, living rooms, bedrooms.

**Obiettivo**

Riflettore frameless diver e chip LED sono separati, così da prolungare la vita di funzionamento della luminaria. Risparmio energetico fino al 95%. La sorgente di luce posizionata in fondo aiuta a mantenere l'effetto abbagliamento al minimo. L'indice di resa cromatica è alto e la qualità della luce è mantenuta costante per lungo tempo con una decrescita bassissima. Facile da installare con la possibilità di cambiare il colore del riflettore interno. Principalmente impiegata in uffici, negozi, ristoranti, cucine, salotti e camere da letto.

**Description**

- Housing** - Aluminium with PVC Powder coating with choice of RAL colors
- Diffuser** - Clear tempered glass diffuser.
- Reflector** - Aluminum reflector with multi anodized finish.
- LED** - reducing energy consumption with L80/B10/F10 50,000 hrs lifetime.
- Standards** - manufactured in accordance with tested as per PTPS IEC 62722, EN 60598-1
- Color** - White, Satin, Silver, Gold & Black
