

**Objective**

Here the LED technology give the quality range, where a high efficient, low consumption and energy saving system is guaranteed. About the functionality here we have durability and hard-weather-proof characteristics thanks to the excellent quality of the materials and the consecutive tested IP 65. About the design the most important detail which has to be noticed is the absence of the screws; this characteristic makes the item very elegant and well distinguished from its counterparts.

**Obiettivo**

Qui la tecnologia LED stabilisce il range di qualità, dove il sistema di alta efficienza, bassi consumi e risparmio energetico è garantito. Concerne la funzionalità, qui abbiamo durabilità e resistenza alle condizioni metereologiche sfavorevoli grazie alla qualità dei materiali ed il testato IP 65 che ne consegue. A proposito del design il dettaglio più importante che deve essere notato è l'assenza delle viti; questa caratteristica rende il prodotto molto elegante e sicuramente distinto tra i suoi simili.

**Description**

**Housing** - Die cast aluminium powder coated with choice of RAL colors

**Diffuser** - Tempered clear glass diffuser.

**Reflector** - High purity anodized aluminium.

**LED** - reducing energy consumption with L80/B10/F10 50,000 hrs lifetime.

**Standards** - manufactured in accordance with tested as per PTPS IEC 62722
